Objective

Aspiring Full Stack Developer with expertise in Cloud and DevOps, focused on building scalable, secure, and high-performance applications through modern development and deployment practices.

Education

B.E. Computer Science and Engineering	2023 – 2027
K.S.R. College of Engineering, Tiruchengode	
Current CGPA (5th Semester): 8.4	
HSC – Saraswathi Matric Hr. Sec. School (88%)	2023
SSLC – G.E.T. School of Excellence (74%)	2021

Technical Skills

Languages: C, Java, Python

Web Development: HTML, CSS, JavaScript, React JS, Node.js

Database & Cloud: SQL, PostgreSQL, Firebase, AWS (DynamoDB, Cognito)

Tools: Git, n8n, REST APIs

Projects

Placement Training System (PlaciPY) – Developed during Internship at Praskla Technology

Developed a full-stack Placement Training System to manage students and assessments with secure backend APIs and responsive React interfaces.

DigitalX Landing Page – Developed during Internship at Praskla Technology

Built a responsive product landing page using React JS with optimized UI/UX and performance enhancements.

FinPay – Payment Gateway Integration System

Developed a secure payment platform integrating Razorpay Sandbox API with backend signature verification and transaction logging.

Telegram Automation System (n8n)

Designed automation workflows integrating Telegram bots with webhook triggers and API-based notification handling.

Hostel Management System

Developed a Flutter-based mobile application managing student records, room allocation, attendance, and fee tracking.

Internship Experience

Software Engineering Intern (Full Stack Developer) – Praskla Technology (8 Months)

Worked on scalable web applications implementing REST APIs, authentication workflows, and database integration in agile environments.

Cyber Security Intern – Zero Touch, Hyderabad

Gained exposure to vulnerability assessment, cyber threat analysis, and network security practices.

Open Source Learning

Actively learning collaborative development practices using Git and contributing to public repositories.

Certifications

AWS Certified Cloud Practitioner (Global Certification)

Validated foundational knowledge of AWS Cloud, including core services, security, pricing, and architecture best practices.

Praskla Technology Hackathon

Developed a Hostel Management System addressing student accommodation, room allocation, and fee tracking modules.

TNWISE Hackathon

Participated in a state-level hackathon solving real-world technical problem statements through collaborative development.

Achievements

Cleared technical Q&A round at GKT, Bangalore and advanced to the interview stage.

Selected for internship at Praskla Technology based on bootcamp and hackathon performance.

Served as Vice President of K.S.R. College of Engineering, Department of Computer Science and Engineering Tech Club, leading events and workshops.
